

Maximum Torque: **70,813NM**

A/F Range: **19 - 155MM**

Max Working Pressure: **10,000PSI**

## XLP SERIES

Our low profile design is constructed from rigid steel for increased durability and designed to fit in those tight spaces.

With interchangeable heads and various accessories available, the XLP series low profile is your ultimate solution.

Fitted with 360x180 rotational swivels and +/- 3% torque accuracy

Model	2XLP	4XLP	8XLP	14XLP	18XLP	30XLP	50XLP
